

TimerHandler coursework

- you need to obtain the [microkernel](http://floppsie.comp.glam.ac.uk/download/luk/student-luk-1.0.8.tar.gz) (`http://floppsie.comp.glam.ac.uk/download/luk/student-luk-1.0.8.tar.gz`)
- and this is extracted via:
- ```
tar xzf student-luk-1.0.8.tar.gz
```
- please read the luk documentation ([pdf](#) (`../luk.pdf`)|[html](#) (`../luk/luk.html`)) and complete the exercise: `timerhandler`
