

## Tutorial work

- examine the chisel file input file  
`$HOME/Sandpit/chisel/maps/three.txt`
  
- examine the chisel file output  
`$HOME/Sandpit/chisel/python/tiny.pen`
  
- try making a simple change to  
`$HOME/Sandpit/chisel/maps/three.txt`  
and bsp compile the map
  
- examine many of the files in  
`$HOME/Sandpit/chisel/maps` what mapping  
features does the chisel program seem to provide
  - write a list of `chisel` features you would like to  
utilise in your `touchmap` tool
  
- use the tool `darkradiant` to view the map you  
have produced
